Areas for Growth	Requirement	Strengths
	<p><b>Simple Machines:</b></p> <p>We included and labeled each of the 6 types of simple machines.</p>	
	<p><b>Materials:</b></p> <p>We used primarily recycled materials in ways different from their typical use.</p>	
	<p><b>Collaboration:</b></p> <p>Our entire group worked together towards our shared goal. Each group member was valued and contributions from each member are evident.</p>	
	<p><b>Creative Originality:</b></p> <p>We thought of ideas that no one else has used.</p>	
	<p><b>Creative Elaboration:</b></p> <p>We added details in our playground that show interaction, movement, and theming/storytelling.</p>
